Welcome to your handy guide to Comic-Con International 2023!

To get the most out of your experience, take some time to sit down with this booklet and do some planning. And be sure to pick up the separate *Quick Guide*, which contains maps of the Exhibit Hall, the Convention Center, and the hotels, as well as a shuttle bus map and the *Exhibitor Lists*. In addition, you will find the *programming grids*, which feature the program and events schedules at a glance.

In this publication you will find general information about the Convention, day-by-day descriptions of all the programs, and schedules for the Comic-Con International Independent Film Festival, Children’s Film Festival, the onsite Films, Autograph Area, Portfolio Reviews, Gaming, and Anime. You’ll also find a guide to exhibitor promotions, signings, and activities. And be sure to read the ads—they offer additional information about booth and event happenings.

**Harbor Drive Restrictions for Comic-Con 2023**

In order to maximize safety and security during Comic-Con 2023, access to Harbor Drive in front of the San Diego Convention Center will be temporarily restricted during the annual convention.

The San Diego Convention Center, in partnership with the Port of San Diego and the City of San Diego, are providing information to assist attendees, the general public, and stakeholders about pedestrian and vehicular access, restrictions and detours during Comic-Con.

**Harbor Drive**—between First Avenue and Park Boulevard—will be restricted to ALL traffic, including cars, bicycles, scooters, skateboards, and shared mobility devices (dockless bicycles and scooters) on the following days and time:

- **Wednesday:** from 3:00 PM to 10:00 PM
- **Thursday**–**Saturday:** from 7:00 AM to 10:00 PM
- **Sunday:** from 7:00 AM to 8:00 PM

A valid Comic-Con 2023 badge or confirmed registration in-hand is required for access to any part of the San Diego Convention Center, including the front drive, terraces, sidewalks, Plaza Park area, or the Ace Parking underground garage during the event times listed above.

**Now that you are prepared for the show, have fun and enjoy Comic-Con!**

Convention Policies

Comic-Con has a few policies we must all follow that are necessary for the safety and comfort of everyone. We appreciate your cooperation in helping to make Comic-Con a place that everyone can enjoy.

COVID-19 Health and Safety
While San Diego Comic Convention (“SDCC”) cannot guarantee that its participants will not become infected with COVID-19 or other illnesses, SDCC will, at a minimum, comply with all federal, state, and local laws, mandates, and requirements, including masking, social distancing, limiting attendance, postponing and/or canceling an event, if required. SDCC reserves the right to modify requirements or limits for attending or participating in an event, including by requiring masks and/or vaccinations. By attending our events you agree to abide by entry requirements in effect at the time of the event. Before you attend Comic-Con 2023 each day, please be sure to visit our website, www.comic-con.org, for the latest COVID-19 information.

- Get vaccinated and boosted for COVID, if appropriate;
- Wear a medical quality mask while attending the event; and
- Obtain a negative COVID test result prior to attending the event.

If you do not have a face covering and would like one, please visit one of our information desks in the lobby.

Obtain a negative COVID test result prior to attending the event.

Please do not give your badge to a friend or to people outside the Convention Center when you leave Comic-Con. Security will perform random ID checks throughout the convention, so make sure the name on your badge matches your photo ID!

The Comic-Con Information Desks are located in the lobbies of Halls C and D of the San Diego Convention Center. During show hours you can always find a Comic-Con staff member or security guard at the Information Desks. Please stop by there if you have any questions or concerns.

Costume Props Policy
No functional props or weapons are allowed at Comic-Con. All costume props and weapons must be inspected daily at one of the Costume Props Desks. If you do not want to have your costume props or weapons inspected or tagged, or if you are not willing to comply with these policies, please do not bring your costume props or weapons to Comic-Con. For the full costume props policy, see the article on page 8.

No Handouts
No distribution of any materials—including flyers, stickers, cards, or any promotional item—is allowed in any area inside or outside the San Diego Convention Center, except from within a booth in the Exhibit Hall or when preapproved for placement on the Freebie Tables in the Sails Pavilion.

No Bicycles, Scooters, Segways, or Hoverboards at Comic-Con
Scooters, bicycles, and Segways are not allowed on the San Diego Convention Center grounds, including inside the building. By order of the fire marshal, hoverboards are not allowed at Comic-Con, including all inside or outside areas of the San Diego Convention Center, and additional venues featuring Comic-Con events.

No Handcarts, Trolleys, Rolling Luggage, or oversized strollers in the Exhibit Hall
Please be aware that, for safety reasons,
no handcarts, trolleys, rolling luggage, or oversized strollers are allowed in the Exhibit Hall. Attendees found on the exhibit floor with these items will be asked to leave the Exhibit Hall.

**No Live Streaming of Any Program or Event at Comic-Con**
The usage of live streaming apps and software on any electronic device (smartphones, tablets, laptops, etc.) is not allowed in any official Comic-Con program and event room, both on-site at the San Diego Convention Center and in other Comic-Con venues.

**No Market Research at Comic-Con**
Comic-Con does not allow third-party market research, surveys, or information gathering in any public area—indoors or outdoors—of the San Diego Convention Center, or any other venue featuring Comic-Con events.

**No Paging**
Please keep in mind that there will be no personal pages over the P.A. system. Set a time and place to meet with your family and friends and communicate with them via text or phone when necessary. There is also a message board available in Lobby C where you can post written messages.

**No Pets Allowed**
If you have pets, including iguanas, parrots, boa constrictors, or other nonhuman critters, please leave them at home. The San Diego Convention Center will not allow animals into the building except for service animals. If your service animal is not wearing any kind of ID identifying them as a service animal, you may be stopped by security. For your convenience, please stop by Disabled Services in the lobby of Hall A for Service Animal Stickers for your Comic-Con badge.

**No Retail Sales Unless Exhibit Space Has Been Purchased**
No retail sales are allowed anywhere in Comic-Con unless you purchased or were allocated exhibit space. This includes the Exhibit Hall, common areas such as lobbies, hallways, and program rooms, or outside venues such as the San Diego Convention Center grounds as well as any venue featuring official Comic-Con events. Retail sales are strictly limited to the exhibitors in the Comic-Con Exhibit Hall. In addition, there is no solicitation of tips, fees, or donations for any reason, unless you have a booth, table, or official space allocated by Comic-Con.

**No Running**
For the safety of all, there is absolutely no running anywhere at Comic-Con. This includes the programming rooms, the hallways and lobbies, in our outside spaces, and in the Exhibit Hall at all times, especially in the morning when we first open the hall. We understand the urgency to get to a favorite booth (or program or anime screening or event) right away, but running is a safety hazard for EVERYONE, not just the person running. People caught running may have their badges taken away from them and be ejected from the convention. Don’t run . . . it’s not worth it!

**No Selfie Sticks or Similar Devices at Comic-Con**
Selfie sticks, GoPro poles, stilts, or any device that extends your camera or phone away from your hand or body are not allowed at Comic-Con. If you’re seen with one of these devices, you will be asked by security to put it away and not use it at Comic-Con. This includes all of the San Diego Convention Center: Exhibit Hall, programming and event rooms, etc., and on Convention Center grounds outside, and any official Comic-Con events outside the Center, including the hotels, theaters, and the Library.

**No Sitting in Exhibit Hall Aisles**
By order of the fire marshal, sitting in the Exhibit Hall aisles is not allowed. Lounges are located throughout the Comic-Con Exhibit Hall and near food concessions for your convenience.

**No Smoking, Including E-cigarettes and Vaping Products and Devices**
Smoking is not allowed at any Comic-Con event at any time and in any location. No smoking at Comic-Con includes traditional cigarettes, pipes, cigars, E-cigarettes, or any vaping product or device. This policy includes the Exhibit Hall, all the programming rooms, and all event spaces at the San Diego Convention Center and additional Comic-Con venues. You are welcome to step outside the Convention Center to smoke in designated smoking areas only, but please be considerate of others when you do. This policy is in place not only for the comfort of attendees but also to comply with San Diego city ordinances prohibiting smoking at public events near any doorway, entrance, exit, or operable window. Please comply with this policy; noncompliance may result in ejection from the convention.

**No Strollers Allowed in the Programming Rooms**
By order of the fire marshal, strollers are not allowed in any of the programming rooms. Stroller parking is located in various areas in the San Diego Convention Center; see the maps in the Quick Guide for exact locations. Stroller parking will be free of charge and provided on a first-come, first-served basis. Please note: Comic-Con will not provide security or check-in/check-out for the strollers.

**No Video or Audio Recording of Panels for Public Display**
Cameras and recording devices are permitted in program and panel rooms but cannot be used to reproduce the presentation and must not interfere with other fans’ enjoyment of the presentation. Any recording of panels or programs is allowed only for personal use and not for broadcast in any form. No video or audio recording is allowed of the footage on the screens during movie and television panels. The footage shown in these panels is exclusive, brought to us by the studios and networks. Please respect their rights and allow us to continue to show this type of material to our attendees.

**Prohibited Items**
Alcohol or alcoholic beverages are not allowed inside the San Diego Convention Center or at any of our official offsite events. Bag searches may be performed at various entry locations. Metal detectors may be used at some locations as well. Make sure to leave your drones, helium balloons, helium-filled products, fireworks, hand carts, trolleys, rolling luggage, and pets (excluding service animals) at home. Absolutely no functioning props or weapons are allowed. Only active on-duty police officers may carry firearms within the Convention Center. All other persons are strictly prohibited regardless of license or status.

**Wearable Cameras/Video Recorders/Camera Phones**
Remember that recording of footage on the screens during panels is prohibited (see above: No Video or Audio Recording of Panels for Public Display). This includes any recording device, whether digital, analog, or otherwise, including Google Glass, Snapchat Specs, or any wearable cameras. You cannot wear these devices during footage viewing in any program room. If your Google Glass is prescription, please bring a different pair of glasses to use during these times.

Please turn off your devices (phones, tablets, laptops, etc.) and put them away during the screening of panel footage. Not doing so interferes with everyone’s viewing quality and causes security to think you’re recording the clip.

Comic-Con reserves the right to change or modify any policy or rule at any time and without notice.
## Where Is It?

Use this guide to locate Comic-Con events and services. All locations are in the Convention Center unless stated otherwise. To find specific rooms, consult the maps in the center of this publication, or see “How Do I Get to . . .” on page 180.

47th Annual Robert A. Heinlein Blood Drive

Please join Comic-Con and San Diego Blood Bank for our 47th Robert A. Heinlein Blood Drive. Your donations are desperately needed and will save countless lives. Our blood drive is the San Diego Blood Bank’s largest and longest-running drive.

The growth of the blood drive over the years has been phenomenal. The Robert A. Heinlein Blood Drive began at Comic-Con in San Diego back in 1977, at the El Cortez Hotel. In that first year, 148 pints of blood were collected; in 2022 the blood drive collected 9,118 pints. Over the years, a total of 62,680 pints of blood have been donated by Comic-Con attendees, exhibitors, professionals, volunteers, and staff!

Donation areas are located in the Coronado Ballroom at the Manchester Grand Hyatt Hotel and at San Diego Blood Bank Donation Centers. Donors will receive a free T-shirt from Marvel Studios and other great goodies (while supplies last). Some donors will win big prizes in the donor drawing as well. You can take a look at the drawing prizes at the Blood Drive Desk in the Sails Pavilion near Lobby 6.

Blood Drive Hours:
- Thursday–Saturday, 9:00 to 6:00
- Sunday, 9:00 to 3:30

Visit the Art Show at the Hyatt!

The Comic-Con Art Show is located in the Manchester Grand Hyatt Hotel in Grand Halls C & D. You’ll see numerous original drawings, paintings, sculptures, pieces of jewelry, and more “unusual” items, all created and displayed by more than 100 professional and amateur artists.

If you want to add something to your collection, many of the pieces are offered for purchase by either Silent Auction or Quick-Sale. To purchase artwork, you must be 18 or older and have legal identification. Payments may be made with cash or a credit card. Ask for details at the Administration table inside the Art Show.

The Art Show also displays the books and comics nominated for this year’s Will Eisner Comic Industry Awards. Come and see the best comics and graphic novels of 2022!

The Art Show is open to the public; you do not need a badge to come in and enjoy or purchase artwork. However, everyone entering the Art Show is expected to comply with all Convention Policies expected of Comic-Con attendees.

For your convenience, the Art Show is open one hour after the Exhibit Floor closes on Thursday, Friday, and Sunday to make it easier to bid on or pick up your art.

Art Show Hours:
- Thursday, 11:00 to 8:00
- Friday, 9:00 to 8:00
- Saturday, 9:00 to 6:00
- Sunday, 9:00 to 6:00

Hospitality Suites

Looking for a place to enjoy a light snack and beverage in between the day’s events? Come to the Hospitality Suite at the Marriott Marquis, in the Marriott Grand Ballroom 8–9. The Hospitality Suite is open from 2:00 to midnight on Thursday, Friday, and Saturday of the convention (closed on Sunday). You must have a valid Comic-Con badge to enter the suite.

Professionals! Are you looking for a place to take a break, or to discuss business between panels? Come to the Pro Suite in Room 8 at the Convention Center. The Pro Suite opens daily at 9:00 and closes at 8:00 on Friday and Saturday and at 5:00 on Sunday. Complimentary coffee, tea, and lemonade are served. You need to show a valid convention professional badge or guest ribbon to enter the Pro Suite. A professional may invite a guest into the Pro Suite (as room capacity allows), but they must accompany that guest at all times.

At the Freebies Table located in the Sails Pavilion you’ll find a variety of promotional items, exhibitor advertisements or coupons, flyers promoting panels, Blood Drive information, Art Show information, a QR Code link to the Comic-Con Daily Newsletter, and sometimes other surprises.

Parking — Plan Ahead

Parking can be one of the most challenging aspects of coming to Comic-Con, but a little knowledge ahead of time can help. While Comic-Con itself has no control over parking in downtown San Diego, our advice is simple: Come early and be prepared with a map of parking locations, so you don’t have to spend your time driving in circles trying to find another lot if your first choice is full.

Keep in mind that event parking rates will be in place for the entire weekend of Comic-Con throughout San Diego. These rates are higher than normal daily parking rates and are set by the individual parking companies, not by Comic-Con. Rates could change from day to day. Comic-Con therefore highly recommends that you use the trolley or take advantage of the free shuttles that service most of the official Comic-Con hotels and designated parking lots (see page 11 in the Quick Guide). For more information on the trolley, visit the MTS website at [www.sdmts.com/inside-mts/events/comic-con](http://www.sdmts.com/inside-mts/events/comic-con).

For updated information on parking and public transportation to and from Comic-Con, visit [www.comic-con.org/cci/getting-here](http://www.comic-con.org/cci/getting-here).

Volunteer Check-In

There is no onsite registration for Volunteers. If you have signed up to be a Comic-Con Volunteer, report to the Volunteer Desk at Marina Ballroom FG at the Marriott Marquis & Marina. If you are interested in volunteering next year or for any of Comic-Con’s other events, visit the Volunteer Desk to get information about future shows.

Bag Check

It’s 10:00 AM on Thursday and you’ve already purchased two giant superhero statues that you just can’t live without! But you’ve a full day of Comic-Con ahead of you … what do you do?

Luckily you’ve got the Bag Check! The two Bag Check stations are located in the main lobby on the ground floor level of the Convention Center, near Hall E and Hall F. You can check your purchases and other items until you’re ready to leave the building. The charge is $5.00 per bag. Don’t forget to pick up your treasures before leaving the building, as items cannot be left overnight.

**BAG CHECK SCHEDULE:**
- **Wednesday** | 2:00–9:00 PM
- **Thursday–Saturday** | 7:00 AM–12:00 AM
- **Sunday** | 7:00 AM–6:00 PM

Costume Props Policy

No functional props/weapons are allowed at Comic-Con. Simulated or costume weapons are allowed, subject to prior approval by security and compliance with the following: **All costume props and weapons must be inspected at one of the Costume Props Desks.**

- There are two locations: one near the outside door in the lobby of Hall E, and the second in Lobby C2, between the escalators.
- All costume weapons must conform to state and federal law.
- Projectile costume props/weapons must be rendered inoperable.
- Functional (real) arrows must have their tips removed and be bundled and zip-tied to a quiver.
- Costumes featuring stilts must be approved.

Costume swords must be tied to your costume in such a way that they can’t be drawn.

At certain times, due to crowds and safety issues, people in oversized costumes may be asked to leave the Exhibit Hall.

After your costume props have been checked, they will be tagged by security, and you will be given a wristband to wear to designate that your props have been checked.

Security will escort you to the Costume Props Desk for inspection if your costume prop is not tagged.

If you do not want to have your costume props inspected or tagged, or if you are not willing to comply with these policies, please do not bring your costume weapons to Comic-Con.

Hall H/Plaza Park Lines— Please Follow These Rules

Comic-Con discourages any advanced line-ups, but if you do happen to find yourself in one for an extended period of time please adhere to the following rules and guidelines:

For safety reasons, we cannot allow anyone to line up until all tents, canopies, stanchions, delineators, and more are completed at the event. This includes all adjacent areas to the Park, the Embarcadero, and other areas as well. There is to be absolutely no waiting nearby for the work to be completed. We estimate that all work and setup will be completed by Wednesday, July 19, however this timeframe is not guaranteed. As this is a safety issue, we’ve been warned that anyone waiting in the work area before it is completed will be asked to leave regardless of time of arrival or length of time they’ve been waiting.

In an effort to accommodate as many people as possible with the least amount of impact for all, please follow the rules below:

► Camping is not allowed.
► Absolutely no tents, canopies, inflatables, cots, beds, furniture, large coolers, heaters, large fans, large umbrellas, chaise lounges, open flames, or anything of similar size of any kind, as determined by the San Diego Convention Center.
► You are permitted to have one chair per person of relatively normal size. You may also use a blanket or sleeping bag, provided it is only taking up the space of one person.
► No facilities or services will be available in Plaza Park, so plan accordingly.
► Restroom access will be available in Lobby G of the Convention Center from 9:00 PM to 7:00 AM each night starting Wednesday, July 19. No other access to facilities will be available.
► Please be kind and respect the grounds by disposing of trash in the appropriate receptacles. Please do not leave any trash or waste behind.
► Someone must be present at all times. You can hold space for no more than 2 people.
► You cannot leave unattended personal items (chairs, sleeping bags, umbrellas, etc.) as a placeholder in line.

NOTE: First-Seating wristbands are available for the first Hall H panel each day. For information, see the article on page 9 of the separate Quick Guide.

Inkpot Awards

Comic-Con will be presenting its own special awards, the Inkpots, to their recipients at Spotlight or other programs. When you attend these programs, be sure to help celebrate the achievements of these creators and contributors to comics and related fields.

Comic-Con Presents: The 2023 Masquerade!

Costumes play a vital role in all the popular arts, creating character, story, setting, mood, and more. The Exhibit Hall has them everywhere, on book covers, posters, and collectibles, but the ones we really notice are those brought to life for us, the cosplay creations crafted and worn by attendees as they stroll the halls or pose for photos. We therefore once again present our event that gives costing the spotlight it deserves and allows attendees to show that creativity, imagination, and talent are not limited to the professionals. Not a dance or party as the name implies, it is an on-stage competition, where re-created and original design costumes are brought to life in clever and entertaining presentations with drama, humor, storyline, and more, each with specially selected music and lighting. And, with trophies and generous cash and other awards for the top costumes!

The 49th annual Comic-Con Masquerade will start at 8:30 Saturday in Ballroom 20 of the Convention Center. Doors will open for audience seating at 8:00, but the line for choice seating will start forming earlier. To help audience members avoid waiting in a long line, FREE seating tickets will be given out at noon on Saturday near Ballroom 20, and again after 3:00 at the Masquerade Desk nearby. A ticket assures that you will have a seat, so you can then enjoy the panels and return later. Tickets are not required, however, and once the ticketed line has all gone in, anyone without a ticket is welcome while seating remains.

There will be a seating section for convention special guests and approved press that reserve a seat at the Masquerade Desk near Ballroom 20. Disabled attendees should visit the Deaf And Disabled Services Desk to coordinate seating, and there will be a signer for the hearing impaired. The ballroom holds nearly 4,000 and usually doesn’t quite fill. The show will also be shown simultaneously on large screens in the Sails Pavilion and Ballroom 6A (no tickets needed). The event will run until 10:30, including an intermission for judging and the presentation of awards. In addition to the Comic-Con awards bestowed by our guest judges, representatives from organizations and companies will be selecting their own winners of cash prizes and trophies. To ensure great viewing for everyone, multiple cameras will be capturing close-up views for projection onto the high-definition screens.

The Master and Mistress of Ceremonies will again be the always entertaining five-time Hugo Award–winning artists and writers Phil Foglio and Kaja Foglio. Together the husband-and-wife team have created, published, and contributed to a variety of comics, art, novels, and games in the science fiction, fantasy, and steampunk genres through their company and website StudioFoglio.com, featuring their popular Girl Genius series.

During the Judging Intermission there will be a return performance by the Saber Guild, a global not-for-profit Lucasfilm-recognized Star Wars lightsaber performance club that thrills people worldwide with original storylines, media-accurate costumes, and impressive choreographed action. They perform at many community events as well as comic book and sf conventions, all to raise money for charity and share their love of Star Wars. Their San Diego chapter, Jedha Temple, has a new show created for Comic-Con, titled “The New Jedi Order: A Padawan’s Tale,” a cautionary tale of apprentices who discover the Sith are not just a story told by Grand Master Skywalker to keep the padawans in line. They learn the Force is more complicated than they learned at the newly established Jedi Temple when they meet a fallen Jedi who has turned to the dark side.

Also returning to our stage for intermission will be an impressive dance presentation by The Corps Dance Crew. Founded in 2013, the group consists of dancers from all over Southern California who are trained in numerous genres of dance, including jazz, ballet, tap, and foundations of hip-hop. The group has placed highly in many dance competitions and performs regularly at Comic-Con, WonderCon, Anime California, Anime Los Angeles, and Sabakon in Las Vegas.

PHOTOGRAPHY

Cameras are allowed, but no flash photography is permitted in the ballroom.

All photographs and video recordings must be for personal, non-profit use only and may not be used for commercial purposes, including appearing on websites that charge for viewing. News media and journalists should request permission via Comic-Con’s Press Desk.

No equipment or standing is allowed that will interfere with other audience members’ viewing or interfere with aiseways. House Staff will be watching for violators, so please help us assure that everyone in the audience can enjoy the show.

We have a Masquerade Photo Op Area in a nearby room where the costumers will pose after their presentations. Flash photography is allowed there, but spaces are limited. Those wishing access must sign up ahead of time at the Masquerade Desk to reserve a spot.

CONTESTANT INFORMATION

Although we filled up with entries in June, cancellations may have opened up some contestant spots. You can inquire at the Masquerade Desk by Ballroom 20 Thursday and Friday between 9:30 and 5:30 or before 10:30 on Saturday morning to check for openings.

Costumes worn at the show prior to the Masquerade are not accepted in the Masquerade. Complete rules and information are available there and online. A one-hour Orientation for contestants only will be held at 10:30 on Saturday morning. Please stop by the Desk to find out the room number.

On Sunday, if you missed the show or wish to see it again, a video will be shown at the Masquerade Playback at 2:30 in Room 10. To learn more about convention masquerades you may wish to attend the Masquerade 101 panel at 6:00 Friday in Room 23ABC.

AWARDS AND CASH PRIZES

Comic-Con trophy medallions will be given to winning costumes in categories of Best in Show, Judges’ Choice, Best Re-Creation, Best Original Design, Most Beautiful, Most Humorous, Best Workmanship, and Best Young Fan. These custom awards were fabricated by the same company that produces trophies for the Emmy Awards and Golden Globes. Any costumed entry winning one of Comic-Con’s own award categories (excluding honorable mentions) will also receive a free 4-day membership to Comic-Con in 2024. Awarded badges are nontransferable; if a group wins in a category, each member will receive a badge and trophy, up to a maximum of six.
In addition, generous prizes will be presented by representatives of the following companies and organizations:

- **Frank And Son Collectible Show**, of the City of Industry, CA, “your one-stop show for all your collectible needs,” will present to the entry they deem to be the audience favorite a prize of $1,000 cash, plus a very impressive crystal trophy.

- Hollywood costume designers from **The Costume Designers Guild IATSE Local 892** will present to their favorite entry a trophy designed and crafted by **Thingergy**, the premier special FX costume/prop/make-up shop in Burbank, plus a $500 gift certificate from **International Silks and Woolens** in Los Angeles.

- **The Art Directors Guild, IATSE Local 800** is presenting two awards: The Art Directors Guild Cosplay Award for Original Concept Design, presented to the entry most exemplifying a wholly original concept, and The Art Directors Guild Cosplay Award for Best Visual Media Design, presented to the entry whose design best interprets a character or concept from a television show or motion picture. Each award comes with a $500 prize.

- **The David C. Copley Award for Most Innovative Costume**: UCLA’s David C. Copley Center for The Study of Costume Design will bestow on their favorite entry the UCLA/TFT Copley Center Design Award of a $1,000 gift card to Amazon.com, plus a copy of **Hollywood Costume**, (cover price $39.99) by Copley Center Director Deborah Nadoolman Landis, PhD.

- **San Diego Comic-Con** will present a special award given in memory of long-time Committee and Board member Alan Campbell, who passed away and is sorely missed. Alan was a great fan of the Masquerade, often donating his own prize. The Alan Campbell Award will be $500 cash, presented to the entry deemed Best Re-Creation of a Comics or Related Media Character or Characters, as selected by a representative of the Board of Directors.

- **The Costumer’s Guild West**, a community of costumers dedicated to promoting the art of costuming and needlework in all forms, will present a one-year membership to their Southern California costuming group, as well as one full scholarship and one night’s complimentary hotel stay to their weekend conference, **Costume College**, held the last weekend in July each year (winner may choose 2024 or 2025) at the Sheraton Gateway Los Angeles Hotel, to the entry they select as showing the most promise.
Important Notes About Programs and Events at Comic-Con

Comic-Con once again features a massive schedule of programming events—the largest of any comics or popular arts convention in the country. It spans all four days and includes 20 separate rooms in the Convention Center, ranging from 256 seats to the massive 6,500-seat Hall H.

On Saturday night, the Sails Pavilion is turned into “Party Central” for the gala annual Masquerade party, where you can watch the show on the big screen.

Beyond the Convention Center, you will find Comic-Con programming at four other locations in or close to downtown: the San Diego Central Library, the Hilton Bayfront Hotel, the Marriott Marquis, and the Omni San Diego Hotel.

Programs at the Central Library are located in the Shiley Special Events Suite and The Neil Morgan Auditorium. The library is in downtown across the Harbor Drive pedestrian bridge at 330 Park Blvd. Programs at the Hilton Bayfront, just south of the Convention Center, are in the Indigo Ballroom.

The Marriott Marquis San Diego Marina Hotel has once again opened its meeting space to us. The facility is located on the Harbor Drive side of the hotel, adjacent to the Convention Center on the Hall A side. Programs are in Grand Ballroom 6, Grand Ballroom 10 & 11, Grand Ballroom 12 & 13, and Marina Ballroom D. The Marriott Marquis serves as the headquarters hotel for anime, films, nighttime games, the Hospitality Suite, and the Comic-Con International Independent Film Festival. This year the Comic Creator Connection and the Gaming Creator Connection will be held in Marina Ballroom D.

Returning to Comic-Con this year as an offsite programming location is the Omni San Diego Hotel, on L Street, across Harbor Drive from the Convention Center next to Petco Park. Programs in the Omni Hotel are on the 4th floor, in the Omni Grand Ballroom DE. For the second year, Comic-Con features a track of gaming-based programs in Omni Grand Ballroom ABC.

To make everyone’s programming experience as pleasant as possible, please follow these guidelines. While they apply to all events and rooms at Comic-Con, including anime, film screenings, and games, they are particularly important in the larger programming venues: Rooms 6A, 6BCF, 6DE, Ballroom 20, Hall H, and the Indigo Ballroom. These procedures are for safety purposes and to help ease line and crowd control issues. They include:

► In the primary program room area (Rooms 3 through 11 on the top level of the Convention Center), the four hallways leading into these rooms have been designated as either entrance only or exit only. Please see the map on page 10 in the Quick Guide, and look for the signage over each of the program room hallways upstairs.

► In addition, each room has a definite entrance and exit, and some of the larger rooms have specific areas for lining up. When you’re in a room, please watch the presentations on the screens that occur between events for directions for leaving once a program is over. The various maps in the Quick Guide show the locations of specific room entrances, exits, and lines. Also, look for signage that will help you locate the correct line for each program room.

► Comic-Con has a break between programs in the five largest program rooms (6A, 6BCF, 6DE, Ballroom 20, Hall H, and the Indigo Ballroom). This break is to help get attendees in and out in a timely manner. Rooms will not be cleared during these breaks. (The programs in the other rooms—3, 4, 5AB, 7AB, 8, 9, 11, 23ABC, 24ABC, 25ABC, 26AB, 28DE, 29AB, 29CD, and 32AB—will still run back to back without breaks.)

PLEASE KEEP IN MIND ...

► Seating in all event rooms at Comic-Con is on a first-come, first-served basis. Because of the sheer number of attendees, simply having a badge does not guarantee a seat in programs and events or an autograph from a specific celebrity. If there is a specific program or presentation you would like to see, it’s always a good idea to plan accordingly and arrive early.

► Seating is limited in each room, from the smallest (256 seats) to the largest (6,500). To help everyone, please:
  • Do not put your bags, food, or other items on the seat next to you.
  • Please do not save seats.
  • Don’t leave gaps in seating. Please fill in all seats.
  • If you are standing in a room, you may be asked to move or to find a seat. This request is for safety reasons and is under the jurisdiction of the Fire Marshal. Standing in any programming room at any time is not recommended.
  • There is no reserved seating for press. Press badges do not guarantee entry to any event.
  • Comic-Con does not clear rooms between events. You are permitted to stay in the same room for multiple programs (with certain exceptions; if a room is to be cleared, it will be announced).
  • Full rooms: Rooms filled to capacity will be closed, and no additional attendees will be admitted. This policy is under the jurisdiction of the Fire Marshal.

► Recording of any of the video footage or images projected onto the screens in any of the rooms is strictly prohibited. Hollywood movie and television studios go to great lengths and expense to bring these special presentations for Comic-Con. In many cases they are exclusive, specifically for you, the Comic-Con attendees. Recording of any of these presentations, by any means, including cameras, camera phones, and smart eyewear, is a violation of copyright law. Please don’t ruin it for everyone! If any of these special presentations appear on the Internet, the studios may stop bringing the footage and exclusive content we all love so much. Comic-Con has an exemplary record in this regard, and that’s why you’ll continue to see exclusive material only at our events, but only you can make sure that continues.
Programs Introduction

Photography  Each program has its own set of rules, and sometimes photography is allowed. When taking pictures, please keep these guidelines in mind:
- Keep flash photography to a minimum.
- Take photographs from your seat.
- Selfie sticks, GoPro poles, or any device that extends your camera or phone away from your hand are not allowed.
- Follow the rules of each particular panel. Some events will not allow photography of any kind. An announcement will be made if that is the case.

Q&A  When asking questions of the people on stage, please be courteous. For example, please don’t ask for a kiss, a hug, an autograph, a baby, a prom date, or the chance to give speakers a copy of your script, résumé, or movie. Such requests stop a program in its tracks. These celebrities are taking time out of their busy schedules to see you. Please treat them with respect. Because of time constraints, sometimes not everyone who gets in line will be able to ask a question. In the bigger rooms (Rooms 6A, 6BCF, 6DE, Ballroom 20, Hall H, and the Indigo Ballroom), your question will be screened before you can ask it.

Cell phones: Just like in a movie theater, please silence all cell phones when you enter any programming room. If you must take a call, please leave the room to do so, but be advised that if the room is full and closed, you may not get back in. At all times, please be courteous to your neighbors.

Trash: Please take your trash with you. Remember that other people will also be attending events in the room following you. Do not leave trash on the chairs or in the area around your seat.

Cancellations: In rare instances, a panel will have to be cancelled because of a situation out of Comic-Con’s control. Keep in mind that all programs, events, and listed appearances are subject to change.

IN HALL H …

Comic-Con is once again using the massive 6,500-seat hall known as Hall H. This hall is so huge that in addition to the notes above, it has some specific guidelines:
- The line for Hall H starts outside the building in Plaza Park. Look for the sign that reads “Hall H line begins here.” Note that you cannot camp out in the Plaza Park area—see the rules listed on page 8.
- The Toucan Tracker wristband policy returns for its fourth year. Wristbands will be given out for the first panel of each day in Hall H. See page 9 of the Quick Guide for details.
- Please remain seated once an event starts, and leave only after the event finishes.
- There are restrooms in Hall H. When you are facing the stage, the restrooms are to your right. If you leave the hall—for any reason—you may not be allowed back in or you may have to get in line to get back in. Again, because of Fire Marshal rules, this policy will be strictly enforced, with no exceptions.

Comic-Con has the best attendees in the world, and comics publishers, Hollywood studios, and everyone in the popular arts industries knows this. That’s why Comic-Con has the most incredible guests and programs of any convention. We know you’re here because you love this stuff as much as we do. We are all fans. Please keep the above guidelines in mind at all times, and everyone will have a safe, courteous, and fun time at the show!

This is the official Comic-Con International 2023 Wednesday programming schedule as of press time. Please note that this schedule is subject to change. Panelists scheduled to appear at each event are also subject to change. Please check the daily schedule signs outside each programming room for updated information.

4:00–5:00 | You’re Wrong, Leonard Maltin—You are not entitled to your opinion. You are entitled to your informed opinion. No one is entitled to be ignorant. “-Harlan Ellison. Perennial film critic Leonard Maltin is the ultimate movie fan, and his reviews are legendary. But...are they “right”? In the spirit of good sportsmanship and with the understanding that film is subjective and opinions come in all shapes and sizes, “You’re Wrong, Leonard Maltin” gives audience members a rare opportunity to challenge the movie master himself on his categorical cinematic conclusions. It’s a conversation between battling beliefs...and possibly the only chance you will ever get to convince Leonard Maltin that his movie methodology is mortally mistaken, and, in fact, WRONG. Perhaps best known for his eponymous annual book of movie capsule reviews, Leonard Maltin’s Movie Guide, which was published from 1969 to 2014, Leonard Maltin and his daughter Jessie, who together host the Maltin on Movies podcast, are willing to take on all comers who have an axe to grind over one of Leonard’s reviews. Marquis of Queensbury rules will be enforced, but anyone who wants to have a lively discussion is welcome to spar (verbally) with America’s best-known film critic. Room 23ABC

Sport your best Belcher costume and celebrate with a room full of *Bob’s Burgers* fans. *Indigo Ballroom, Hilton San Diego Bayfront* ................................................................................................................ 5:00–6:00 | *Comic Pitch Review*—What is a pitch? A pitch is simply a way to present yourself or your project to others. It is usually a brief speech designed to persuade your listener into supporting what you’re doing or what you’ve made. Most creators have no trouble coming up with great ideas for new comics, but they often struggle to speak clearly and concisely about those ideas to other people. Giving a good pitch is a vital skill in bringing your project to life. Fortunately, it’s also a skill you can learn and improve with practice—and Pitch Review is a great place to do that. If you’re someone who wants to get better at pitching your work (and especially if you’re a writer or artist attending the Comic Creator Connection immediately after this event) this is your chance to practice giving your pitch and get some invaluable help from a professional writer and speaker coach. Pitch reviews will be conducted by Douglas Neff, a professional speaker coach, speechwriter, and host of the Comic Creator Connection. This is not your typical panel. Some fans argue that they are never good, while others find them to be the best in the series. Sequels like *Speed 2* get ridiculed, while others such as *The Dark Knight* and *Star Wars: The Empire Strikes Back* are iconic and touted by some as the best. Sometimes actors get recast, storylines go over the top, and the shark gets jumped. Other times the sequels deliver on the story, advancing the plot and character development. A study was conducted to better understand what sequels people prefer and what psychological factors, including personality, attachment styles, and nostalgia, may influence our opinions about sequels. Results will be presented by Dr. Keith W. Beard (professor of psychology, Marshall University), Dr. April Fugett (professor of psychology, Marshall University), Dr. Britani Black (assistant professor, Marshall University School of Medicine), and Liberty Kinder, M.A. (graduate student, Marshall University). *Grand 12 & 13, Marriott Marquis San Diego Marina* ................................................................................................................ 5:00–6:00 | *Adapting Famous Books and TV for Comics*—Film, TV, and comics writers Mark Haynes and J. Join a collection of creative talent who all started as pop culture fans and, in the course of their careers, became the popular subject of fandom. Legion M executive David Baxter moderates the fun. *Room 6DE* ................................................................................................................ 5:30–6:30 | *Burned! The Infamous Legacy of Book Bans and Comics*—Book burning and book banning have risen to an unprecedented level in 2022 and 2023. Not since the comic book bans of the 1950s and a short burst in the 1980s has America seen the amount of books censored that a few members of the public disagree with. Seventy years ago, one publisher, William Gaines of his renowned EC Comics, was caught in the crosshairs of those out to restrict access to books. Like then, the new wave of banning and burning has also been led by attacks on comic books. Ben Dickow (lecturer, comics history) leads a discussion with experts on the legality of modern book bans and presents an audio excerpt from a new podcast chronicling the Senate comic book hearings of 1954. The panel will be joined by members of LA’s Captured Aural Phantasy Theater who will dramatically read excerpts from some of the forbidden comics of then and now. *Room 10* ................................................................................................................ 5:30–6:30 | *Art of MARVEL SNAP: Behind the Scenes*—Dan Hipp (artist), Ryan Benjamin (artist), Sean Galloway (artist), Kai Lun Qu (artist), Jonny Erner (artist) and, Second Dinner, and and Jamaro Kindred (artist director, Second Dinner) take a behind-the-scenes look at the art creative process behind the award-winning Marvel game. LGBTQ comics and graphic novels for all ages are being produced and acclaimed in incredible numbers, and queer characters are finally starting to show up in genre movies and TV shows. And yet, in our politicized and polarized world, LGBTQ comics and graphic novels and LGBTQ characters in popular media are facing more censure and opposition than in previous years. This means that telling stories of queer characters of diverse backgrounds and identities is more important than ever before. Join

How do the writers and showrunners address superspeed, superstrength, time travel, psychological science, and how a hero can fly? Do they make it all up, look up the real science, and find a creative mix somewhere in between? Dr. Travis Langley (Batman and Psychology, Spider-Man Psychology) asks a panel of experts how—and if—any of it might work: Jonathan Butler (The Flash), De ric A. Hughes (Arrow, Quantum Leap), Kristi Korzec (Superman & Lois), Ray Utarnachitt (DC’s Legends of Tomorrow), Janina Scarlet (Dark Agents), and maybe a surprise guest or two. Room 23ABC

6:00–7:00 | The Psychology of Heroes versus Villains—Do you prefer the hero . . . or the villain? Where’s the line between hero, antihero, and villain? Consider how Lex Luther can manipulate the world to be against Superman; Deadpool can crack a joke while killing a room full of armed men; and Ursula can lure Ariel into giving up her voice. Some origin stories, like that of Harry Potter, are filled with trauma and emotional heartbeat, but who is the real villain of the story? Voldemort? Draco Malfoy? Dolores Umbridge? Some villains, like Agatha Harkness and Umbridge, use emotional intelligence (EQ) to manipulate others. The psychological themes of EQ and empathy are often discussed in terms of building strong relationships and being a great leader. Although these are not usually traits we associate with villains, it questions how they factor into the fans who love (or hate) them and if villains are perhaps emotionally manipulative or simply emotional victims acting out. Researchers Dr. April Fugett (professor of psychology, Marshall University), Dr. Britani Black (assistant professor, Marshall University School of Medicine), Dr. Keith W. Beard (professor of psychology, Marshall University), and Morgan Kinsey, M.A. (graduate student, Marshall University) examined psychological measures of EQ, empathy, attachment, and personality in the context of preferences for (or against) some of pop culture’s most notorious baddies (and their partnered heroes or antiheroes). The research results will be discussed to understand better why we may connect with the less-than-heroic characters over others. Grand 12 & 13, Marriott Marquis San Diego Marina

Indigenous Futurisms: Transcending Past/Present/Future

Comics, independent films, literature, and art have long explored future worlds, and often from an Indigenous perspective. Inspired by the upcoming exhibition Indigenous Futurisms at The Autry Museum of the American West (part of Getty’s 2024 PST Art, a Southern California-wide exploration of art and science), this panel looks at the rise of futurism within contemporary Native American art, comics, and visual storytelling—what gave rise to futurism and what new worlds are being created through Indigenous art, knowledge systems, and technologies.

Presented by Dent the Future and The Autry Museum of the American West. This program is made possible with support from Getty through its PST ART: Art & Science Collide initiative. For more information: pst.art

10:30–12:00 | Comics Arts Conference Session #13: Comic Justice—What kind of justice is served in comics? How does comic justice reflect and influence justice in the world beyond the page? Many comics reinforce the idea that the legal system equals justice, but comics are also cultural sites where real-world problems with the policing and prison industrial complex can be explored. Kendall “Boo Boo” Housse (Frameshift Consulting) discusses depictions of urban and BIPOC crime realities from a middle-class white imagining and how these justify extrajudicial punishment as justice. The Comic-Con Films Department is here to entertain you with quality screenings from morning until late into the night at the Marriott Marquis Hotel Grand Ballroom 5, and in the evening in Convention Center Room 4, Preview Night, through Saturday.

This year’s screenings start on Preview Night at 7:00, then each day at 10:00 am. So whether it’s a film you’ve been dying to see or you just really want to have someplace to sit and relax a bit, drop by the Film Rooms and escape to realms of myth and legend, run away with friends in search of adventure in imaginary worlds, join with extraordinary heroes and heroines to save mankind from utter destruction, and celebrate some of the world’s most popular comic characters, alive on the silver screen! Following are the highlights for each day.

PREVIEW NIGHT
Starting at 7:00 in Marriott Marquis Grand Ballroom 5, we’re traveling through another dimension, a dimension not only of sight and sound but of mind. A journey into a wondrous land whose boundaries are that of imagination. That’s a signpost up ahead—your next stop, the Twilight Zone: The Movie. We follow it up by getting musical and fighting the authority in Rock ‘n’ Roll High School and end our night celebrating 40 years of Nicholas Cage in his first named performance: Valley Girl.

THURSDAY
In Marriott Grand Ballroom 5, we start our day at 10:00 with a history lesson showing the first film produced by the actual Warner Bros.: My Four Years in Germany, a World War I silent American propaganda film from 1918. We go from bold silence to some explosive drama in the 40th anniversary showing of The Outsiders, followed by a comedic look at perceptions of gender roles in the early 1980s with the 40th anniversary showing of Mr. Mom. Experience the final film of Natalie Wood with the 40th anniversary of Brainstorm before moving on to a Lumpia double feature with Lumpia and Lumpia with a Vengeance. We’ll go back to the end of the 1990s where three anime nerds save us all from the end of the world in Iké Boys, then celebrate 30 years of being Dazed and Confused and finally get reminded that hell hath no fury like a 1958 Plymouth in this 40th-anniversary screening of Stephen King and John Carpenter’s Christine. In the Convention Center Room 4: Celebrating the life and creations of the late Albert Pyun, a prolific cult filmmaker whose career spanned four decades, we bring you the 1990 Captain America and Pyun’s first film, The Sword and the Sorcerer.

FRIDAY
In Marriott Grand Ballroom 5, we examine the Rise of the AI with cinema—both recent and classic—that delves into questions of the ethics of AI. Starting at 10:00, we salute 100 years of Disney innovation with Tron and its legacy sequel, Tron: Legacy, then feature the 40-year anniversary of WarGames. Will Smith investigates robotic murder in I, Robot, and then the toy M3GAN plays with those who aren’t her friends. Celebrate 50 years of malfunctioning killer gunslinger robots in the original Westworld. A man vies with his advanced home computer for the affections of his next-door neighbor in Electric Dreams, then we finish the day with a man who falls in love with a machine in Her. In Convention Center Room 4, we celebrate the final film of the first Star Wars Trilogy, Return of the Jedi, and then we serve up some suspense with more than a dash of dark satire in The Menu.

SATURDAY
Saturday starts with a family-friendly animated film: Howard Lovecraft and the Undersea Kingdom at 10:00 in Marriott Grand Ballroom 5. Disney gets more celebration of its 100th year, while also celebrating the 50th anniversary of the animated classic Robin Hood. We bring a close to our Rise of the AI with HAL 9000 in 2001: A Space Odyssey. Space Command, an indie film celebrating classic themes of pulp and serial science fiction, next graces our silver screen. Final Fantasy has been a powerhouse in the gaming industry for over 35 years, with deep storylines that have fascinated audiences since the beginning and continue to this day across multiple formats and adaptations; the story unfolds cinematically in Final Fantasy VII: Advent Children. We will See How They Run, into an Empire of Light, before closing out the Marriott for the weekend by doing the time warp again in The Rocky Horror Picture Show. You’re advised to look closely before going into a new home in Saturday named performance home in Saturday the 14th or an Airbnb in Bararbain.

The Comic-Con Films Department is proud to show movies in high-definition video, with stereo sound, and open captioning when available. Please enjoy the shows, and respect your fellow attendees by silencing your cell phones and not speaking during the movies (with the exception of sing-a-longs and audience participation films like The Rocky Horror Picture Show).

Portfolio Review Procedures

Portfolio Area time grids and company information sheets will be posted daily no later than 9:00 AM. This information will include participating companies for that day and the eligibility requirements necessary to participate in the review. Applicants are expected to review this information prior to applying for a review slot.

To make the procedure for Portfolio Review participation more equitable, if not predetermined by each company and explained in their requirements, the onsite process is as follows:

1. Each morning applicants may sign up to be on the list for a review for any of the companies participating that day. Applicants may fill out a Portfolio Review Sign-up Ticket for the company they wish to be reviewed by up to 30 minutes prior to that company’s first review time. Applicants may fill out a Portfolio Review Sign-up Ticket by:
   - going to the Portfolio Review Area in the Sails Pavilion and filling out a paper Sign-up Ticket and handing it to a staff member; or
   - going to the Portfolio Review Area and using the computer provided to fill out a Sign-up Ticket (the computer will be available no later than 9:00 AM).

2. A randomized list of participants will be printed for each company 30 minutes prior to the start of reviews. Duplicate entries will be excluded. This list will be available at that company’s booth approximately 15 minutes prior to the start of its review time. It is the applicant’s responsibility to find their place on the list and be in the Portfolio Review area when their name is called.

3. A CCI Portfolio Review volunteer will be assigned to the company’s booth and will call the names of each participant on the list as needed by the reviewer. A chair will be available next to the volunteer for the next participant to wait in. Each upcoming participant slot name will be called up to three times. If a participant does not answer after the third time, he or she will be marked as a no-show, and the next participant on the list will be called.

4. If there are more applications than available slots for a company’s schedule, after all slots are filled the remaining names will be placed on a waitlist in the order in which they were picked. There is no guarantee that a company will complete its list or waitlist. In the case of a company not completing its list, it is up to each company to decide whether the list will be continued the next day or to have a new list drawing for that session.

They will also discuss how current technological trends affect and guide our favorite hobby into the next chapter of the Golden Age of gaming.

3:00–5:00: Mental Wellness Benefits of Dungeons & Dragons and How to Be a Game Master: In recent years, mental wellness has become an increasingly important topic of conversation. This is due in part to the challenges that come with living in a fast-paced, constantly connected world. It can be difficult to find ways to relax and de-stress, but luckily there are a number of activities that can help. One of these is Dungeons & Dragons, a role-playing game that has been around for 49 years. Dungeons & Dragons can be an excellent way to improve mental wellness for a number of reasons. First, it requires players to use their imaginations, which can help to reduce stress and anxiety. It also promotes teamwork and social interaction, both of which are important for mental health. Finally, it can be a great way to learn new skills and strategies for dealing with challenges in life. Join Game Master Johnny in a Q&A on the benefits of this fantastic RPG. In this panel Johnny will go over how to be a game master and provide some cool player tips to be an effective player.

ocated on the Upper Level in the Sails Pavilion, the Autograph Area is the place to go for a special memento from a variety of artists, authors, and actors from every area of popular culture. Some sign directly after a panel, so check the program grid daily.

The Autograph Area is open from 10:00 to 7:00 Thursday through Saturday and from 10:00 to 5:00 Sunday. No autograph sessions will be held before or after these times.

Changes and surprise additions will occur throughout the week; for the most up-to-date information, check out the Comic-Con website, www.comic-con.org. Updated schedules will also be posted in the daily newsletter, on information boards located throughout the center, and at the Autograph Area Information Desk, which is staffed from 9:00 to 7:00 Thursday through Saturday and from 9:00 to 5:00 Sunday.

Because of high demand and the limited time available from notables appearing to sign autographs, some signings may require tickets. These tickets are dispersed through a line-drawing procedure. Additionally, the Autograph Area Coordinator may at any time shut down a line, even if people are still waiting for an autograph. If shutting down becomes necessary, we apologize for any inconvenience or disappointment.

Attendees: Please note that Autograph Area Participants may charge for their autograph in the Autograph Area as long as the Participants work with the Autograph Area Coordinator to ensure that all rules are followed and that all of the required paperwork is prepared in advance.

Autograph Area Participants: You must sign one copy of an official Comic-Con 2023 publication, such as the Events Guide or the Quick Guide, for any fan at no charge. You may sign one other item instead of these publications at no charge instead, if the fan would prefer and you agree. You may not require a purchase to sign an official Comic-Con 2023 publication or the substituted, agreed-upon item. Autograph Area Participants are not expected to sign anything they deem offensive or that violates contractual agreements.

RULES FOR LINE DRAWINGS
Because of the popularity of many signings, some of which are limited by time or by the number of people the Participant has agreed to sign for, those signings may be ticketed. Tickets for limited signings are distributed by drawings.

To participate in the drawing, please go to the indicated line and pick a ticket out of a container or push the button on the Box of Decision. The winning tickets will have a distinct stamp on the back, and the Box of Decision will light up green. Once a winner has been determined, they will immediately receive a wristband that will admit the wearer into the designated autograph line at the specified location and time. If you do not draw a winning ticket or if the Box of Decision lights up red, you may return to the end of the line to try again until all the wristbands have been given out.

Prior to the start of the ticket drawings, an area will be designated for those who wish to wait for the drawings to begin. You may line up for that day’s drawings each morning as soon as you enter the building. No other lines will be recognized other than those in this officially designated area. When space becomes available, each line will be escorted to the proper queue for the drawings to be done that morning. Winning the drawing for a line ticket grants you, with your winning wristband, the opportunity to stand in line to get an autograph at the location and time designated when you drew the winning ticket.

The duration of the autograph session is considered when determining the number of winning tickets. The Fire Marshal may shut down any line believed to be a hazard at any time. Your badge does not guarantee autographs at any event.

PROCEDURE FOR ATTENDEES WITH MOBILITY ISSUES
This procedure may be used by any attendee with mobility issues who has registered at the Deaf and Disabled Services Department and wishes to obtain autographs from talent appearing in the Autograph Area or participate in any ticket drawing in the Autograph Area.

► If there is a line to obtain an autograph or a line to pull a ticket to gain entrance into an autograph line, Comic-Con will provide someone to stand in your place.
► You must arrive prior to the scheduled autograph time or drawing time and check in at the Autograph Area Disabled Line Access Check-In with the proper credential from the Disabled Services Department.
► When you check in, your name will be placed on a list and a volunteer will be assigned to stand in your place in the line you have chosen. The assigned volunteer will go to the end of the chosen line and proceed through the line with the rest of the attendees.
► You and your assigned volunteer will discuss the best course of action (for example, you will wait near the front of the line and when the volunteer has reached the front, you will trade places with the volunteer and obtain the autograph or pull the ticket, or you may choose to have the volunteer pull a ticket from the bag and meet you in a designated location).
► If there is more than one autograph or drawing you wish to participate in simultaneously, you may have the assigned volunteer do one after the other, but you may not have two volunteers assigned.
► When the assigned volunteer has completed the task, the volunteer will return to the Autograph Area Disabled Line Access Check-In and check back in.

If you do not check in and request a volunteer to stand in your place, it is expected that you will wait in any autograph area line with all other attendees. During Autograph Area sessions, attendees with credentials from Disabled Services Department will not be ushered from the side of the autograph area table to the front of the line unless they have followed the above procedure and they are taking the place of their assigned volunteer in the line.

Frequently Asked Questions

How does your badge system work? To help prevent scalping and counterfeit badges, Comic-Con badges are enabled with RFID (Radio Frequency Identification) tags. At various points of entry to the San Diego Convention Center, Hall H, and Indigo Ballroom, you will encounter gates with a large “Scan Here” indicator. All you need to do is tap your badge briefly to the indicator. When you do, you’ll get a green light that indicates you’ve been validated and are okay to enter. When you leave, you must tap your badge out so you may re-enter when you return. For more information on badges, see the Convention Policies on page 4–5.

Why do I have to wait until 9:30 AM to get into the Exhibit Hall? With such a large number of attendees to coordinate, the Comic-Con staff, exhibitors, and security need the few available morning hours to set up and get ready for the day’s events.

What is the fastest way to get into the Exhibit Hall when the show opens in the morning? For the safety of the thousands of people who attend the show each day, Comic-Con needs to control the lines for entrance into the Exhibit Hall. There are two lines that you can wait in. One is located in the Sails Pavilion; the other is via the Bayside Corridor from Room 20 down to Room 27. These lines move first, and most of the people in them are let in before entry is allowed through the front doors of the Main Lobby. Waiting to enter from the Main Lobby doors can add a 25+ minute delay. Of course, you can always just wait for the line to be done and then walk in. Please note that there is also a separate line for Programming in Hall H (see next paragraph). People with disabilities should contact the Deaf and Disabled Services desk in Lobby A to access a separate waiting area.

Where’s the Hall H line? The Hall H line begins outside the Convention Center near the glass doors directly in front of Hall H—look for the large tents and chutes occupying Plaza Park. If you want to get in line for Hall H programs before the doors open in the morning, make sure you are in that line and not in the line to get into the Exhibit Hall or the Badge Member line, which runs parallel to the Hall H line outside in the morning. Keep in mind that the first loading of the day in Hall H is wristbanded, please see the article on the Hall H/Plaza Park Lines on page 10.

Does my membership badge get me into everything? All event spaces have limited capacity as set by the fire marshal. Even though a badge is needed to get into all programming events, it does not guarantee you access to an event that has reached its capacity limit. In addition, tickets will be needed for viewing the Masquerade in Ballroom 20, but these tickets are complimentary.

Do I have to wear my badge all the time? Yes! Always wear your badge and hang on to it! You’ll need your badge to get in the front doors and into the Exhibit Hall. You will also need your badge to attend any Comic-Con function, including those at the Hilton Bayfront Hotel, the Manchester Grand Hyatt, the Marriott Marquis & Marina, the Omni, and the San Diego Central Library, as well as nighttime events at the Convention Center and Convention-sponsored parties. If you’re asked to show your badge, please do so.

Your name and contact information are encoded in your barcode. Do not let anyone scan your barcode unless you want that person to have your mailing address. Please do not give away your badge to people outside the Convention Center when you leave Comic-Con. Also keep in mind that security will be spot-checking badges against IDs. Hold on to your badge!

How can I pre-register for Comic-Con 2024? There is no on-site pre-registration for next year’s convention at this year’s show. As an attendee who purchased a badge for 2023, you will be able to participate in Returning Registration for 2024.

Where is the Blood Drive? If you wish to give blood, please sign up at the Blood Drive booth in the Sails Pavilion upstairs at the Convention Center. The Blood Drive is at the Hyatt (next to Seaport Village) on the fourth floor in Coronado Ballroom D. You can give blood on Thursday, Friday, or Saturday from 9:00 to 6:00 or on Sunday from 10:00 to 3:30, but please check in first at the booth in the Sails Pavilion.

My friend is inside the hall with my badge—can you let me in to find her? No, but you can use the message area on the Information Board located in the Lobby of Hall C to leave her a message. It is strongly recommended that prior to entering the convention you arrange a meeting point with all members of your party just in case. Keep in mind that there is no paging.

How do I get to the Mezzanine, the program rooms, the bag check, first aid, etc.? See the article on pages 8, for directions to all Convention Center locations.

What are the Eisner Awards? Considered the “Oscars” of comics, the Will Eisner Comic Industry Awards will be held Friday night at 8:00 in the Indigo Ballroom at the Hilton Bayfront. For more complete information, see page 11. There is no charge to attend the Eisners, all you need is a four-day or a Friday badge. However, it’s a gala event, so you are advised to dress nicely.

What is the Masquerade? The Masquerade is the on-stage costume competition held on Saturday night, starting at 8:30 in Ballroom 20 at the Convention Center. There is no charge for the Masquerade; all you need is a four-day or a Saturday badge. Because of limited seating in the Ballroom itself, a ticket is required for those seats ONLY, but these tickets are free and are available to those who get in line on Saturday (see the article on page 12-13). Tickets are not required for viewing the Masquerade in the Sails Pavilion or the overflow rooms (6A and 5AB).

Where are the Films rooms? There are two Film rooms. In the Convention Center films are shown each night in Room 4, Thursday through Saturday. At the Marriott Marquis, films are shown all day in Grand Ballroom 5, Thursday through Saturday.

Where do I find out if my favorite artist, writer, actor, etc. is signing autographs? Please check the listings for autograph signings starting on page 168 in this guide. If your favorite is asso-
ciated with a booth or publisher in the Exhibit Hall, please check that booth for possible signing schedules. For schedule changes, please check the online daily Newsletter at www.comic-con.org or check our Comic-Con app for iOS and Android.

I got a ticket for a giveaway when I was at a program. How do I exchange it for the actual item? Giveaway tickets from most programs are redeemable at the Programming Premiums Room, located in the Hyatt (next to Seaport Village) in the Grand Ballroom AB on the first floor.

I lost my wallet—what should I do? Check at the Lost & Found Office in the Hall D Lobby. If you get home and realize you may have left something at the Convention Center, please contact the Convention Center’s Lost and Found.

Where’s the ATM? In addition to the ATMs located next to the escalators in Hall C, ATMs can be found in front of Hall E, next to the Starbucks.

Why don’t you let us all in for free? San Diego Comic Convention (Comic-Con International) is a California Nonprofit Public Benefit Corporation organized for charitable purposes and dedicated to creating the general public’s awareness and appreciation for comics and related popular art forms, including participation in and support of public presentations, conventions, exhibits, museums and other public outreach activities which celebrate the historic and ongoing contribution of comics to art and culture. All revenues are used to finance various aspects of the show, including Convention Center rental, security, equipment rentals, shuttle buses, office expenses, and the kinds of things you can’t find at other conventions, such as the Art Show, the Films program, Deaf and Disabled Services, the Masquerade, and the many programming tracks.

I have a paper cut—where can I get a Band-Aid? The Convention Center First Aid station is located at the south end of the main lobby in Hall C. An EMT is on duty during Exhibit Hall hours.

Why are the program rooms upstairs and on the Mezzanine? The program rooms upstairs and on the Mezzanine have events running until late at night on Thursday through Saturday, including gaming and film screenings. At the Marriott Marquis, gaming, anime, and films continue late into the evening, Thursday through Saturday, and the Comic-Con Merch room is open on Wednesday from noon until 9:00, Thursday through Saturday 9:00 until 8:00, and on Sunday 9:00 until 5:00. At the Hyatt, the Program Premiums Room is open until 8:00 Thursday through Saturday and 6:00 on Sunday. Also at the Hyatt, the Art Show is open Thursday/Friday until 8:00 and on Saturday/Sunday until 6:00 pm.
